SIGNODE®

Double notch sealer and tensioner for steel strapping

Break free from the lack of portability and high weight associated with pneumatic tools. Our latest innovations, the GripPack steel strap sealer and tensioner, provide the low weight and portability that operators need but can't get with pneumatic tools. Plus they deliver maximum power and performance without the air generation costs and inconsistencies of pneumatically driven tools.

The GripPack tools' lightweight, durable design make them easy to handle and operate. With one-button operation and performance enhancing features not found on pneumatic tools, they vastly improve productivity for the application of steel strapping in heavy-duty hand tool applications.

GripPack Sealer

▲ Double notch seal

- Double notch design improves speed of application and consistency of joints
- LED light illuminates green when ready to seal to avoid accidental discharge
- Strap detection system eliminates accidental cycling
- 240 double notches per charge

Specifications

Strapping: Magnus® or Apex Plus™ steel strapping

Strapping size:

3/4" or 1-1/4" x 0.025" to 0.031" (19 mm or 32 mm x 0.64 mm to 0.80 mm)

Joint type:

Double reverse notch

Seal type:

3/4" - 34 HOC, 34 HC-OF | 1-1/4" - 114 P, 114 OF

Weight:

8.0 lbs. (3.6 kg)

Part Numbers

Sealer only:

3/4" - 800670 | 1-1/4" - 800672

GripPack Kits (Includes sealer, battery and charger)

3/4" - 110 volt: 800972	1-1/4" - 110 volt: 800970
220 volt: 800973	220 volt: 800971

GripPack Tensioner

- Automatic and manual modes
- 120 cycles per charge
- Up to 1,500 lbs. (6 670 N) of tension

Specifications

Strapping: Magnus® or Apex Plus™ steel strapping

Strapping size:

3/4" - 1-1/4" x 0.025" to 0.031" (19 mm to 32 mm x 0.64 mm to 0.80 mm)

Tension: Adjustable from 800 to 1,500 lbs. (3 600 to 6 670 N)

Weight: 8.5 lbs. (3.8 kg)

Part Numbers

Tensioner only:

800441

GripPack Kits (Includes tensioner, battery and charger)

110 volt: 800466 | 220 volt: 800467
